Technical Service Manager - Poultry Nutrition (m/f/d)

Our client is a fast-growing international company in the animal nutrition sector. As a technical support specialist you will quickly become a valued resource for farmers who need feed formulation services to optimize their poultry production operation. High-performance feed and supplementary products belong to the key-competences of our client. Your role is critical to the success of your customers. – Interested in this great opportunity? Send your application.

What you can expect:

- Provide expert advice in poultry nutrition
- Deliver the highest level of support service to the poultry farming segment
- Least-cost feed formulation for all poultry species
- Quality assessment of feedstuffs and compound feed
- Support product managers and sales staff
- First-level support for customers and the local sales teams
- Provide customer service on site
- Work as part of a multidisciplinary team
- Develop and hold seminars and trainings
- Attractive compensation package

What is required:

- Master's degree in Animal Science or Veterinary Science or related field
- Doctorate in Poultry Nutrition desired
- At least 5 years experience in compound feed, premixing or feed additive industry
- Profound knowledge of poultry nutrition
- Working knowledge in feed formulation
- Well-connected within the poultry industry
- Team player with the ability to work in a global environment
- Able to communicate in English, additional language skills desired
- Frequent international traveling
